

## The Right-Size GlobalMeet Solution for Your Audience

In critical times like these it is important you pick the right service to meet your communications and collaboration needs. As a PGi customer, many of our services are suited for one to many delivery, self-managed, and intuitive. Review our products and use cases and work with your GlobalMeet team to discuss options for adding new solutions, features or services.

### GlobalMeet Collaboration

Solution	Attendee Size
GlobalMeet Collaboration	2-125 attendees
GlobalMeet Audio Only	Up to 300 attendees

**Description:** When you need a simple and intuitive way to seamlessly **collaborate** via 1:1 or 1:many via an interactive online solution

### Benefits

- High level of two-way interaction including online chat, interactive open lines, webcams sharing, one click recording
- Efficient client-based scheduling using our GlobalMeet Toolbar integration
- Available 24/7, no approval or interaction needed from PGi
- Effective and ideal for Disaster/Pandemic/Daily Stand Up Meetings

### Use Cases

- Disaster/Pandemic Planning
- Business Continuity
- Daily COVID-19 Stand Up Meetings
- Project Management Sessions
- City / Municipality Internal Planning Meetings
- Healthcare Providers Needing Video Conferencing with Their Patients
- Sales Strategy Sessions
- Marketing Call to Action
- Client Communication Review Sessions
- Open Q&A sessions with staff
- Weekly Meetings

## GlobalMeet Webcast:

Solution	Attendee Size
GlobalMeet Webcast License - Self Service	Up to 3,000 attendees
GlobalMeet Webcast Managed	500-10,000 attendees

**Description:** When you need to **broadcast** critical information to hundreds or thousands of customers or employees online. If you need to add an audio only option to your webcast you can do so with the integrated audio only telephony bridge.

## Benefits

- On-Demand, Self-Serve Session
  - Pre-record and fine tune your message
  - Easy to pull together your presentation and record message anytime, anywhere, with no assistance
  - Send out a convenient link to your entire audience and they can join, and review based upon their schedule
- Live Webcasts
  - Ideal for large-scale, mission critical communications and high broadcast quality web events. Leverage an expert Event Production Manager for every aspect of your Live event.
  - Share slides, pre-recorded videos or your screen
  - Add presenter video for a more engaging experience
  - Interact with audiences using polls, surveys and Q&A
  - Automated recording and fully-functional on-demand playback in the same location
  - Robust analytics including audience registration data, viewing durations and event metrics
  - High level of customization of event content and branding
  - Management services available. Advance scheduling required (48+ hours)
  - No downloads for attendees -- works on any device
  - Add an integrated audio only bridge option to any Webcast for phone in only participants

## Use Cases:

- Important All Hands Company Updates
- Disaster/Pandemic Planning
- Business Continuity
- Pre-Record Messages from Executive Leadership to Employees
- Large Townhalls
- Virtual Tradeshows and Conferences
- Marketing and Lead Generation
- Corporate Communications
- Investor Relations
- Onboarding & Training

### **GlobalMeet Operator Assisted:**

<b>Solution</b>	<b>Attendee Size</b>
<b>GlobalMeet Operator Assist</b>	<b>125 – 1000 attendees</b>

**Description:** When you need to **control** the delivery of a highly sensitive or important message by phone. Passcode Entry and Click to Join offer seamless and easy entry for participants

### **Benefits**

- Perfect for very important or highly sensitive sessions
- Professional lead by Highly Skilled Operator
- Quick and easy passcode or Click to Join access for participants
- Open audio lines or listen only with option for operator-facilitated Q&A
- Recording available upon request

### **Requirements**

- Advance scheduling required and approval review e.g. recommended 48 to 72 hours pre scheduling given current global volumes
- Events must be pre-scheduled and approved via our Events Portal
- Effective and ideal for high level messaging, with a controlled focused, and lead by an expert Operator

### **Use Cases**

- Highly sensitive and confidential Executive, Board Meetings
- The need to limit audience interaction, comments, and length of time any participant can speak (ideal for local town halls or city/county meetings where residents are able to join)
- Audio only meetings for 126 – 1,000 attendees
- Secure and critical Disaster calls
- Board Meetings and Earnings Calls

**\*\*\*\*\* Greeted Entry is not suited for disaster and pandemic situations given the current resource constraints due to already scheduled volume.**
